SUBJECT: Policy Statements

Enclosed are the renewed policy statements for Health and Safety and Environmental Management. The Board of Trustees approved these policies at their May 6th, 2016 meeting. The Occupational Health & Safety Act and the Environmental Protection Act in Ontario require that these policy statements be made available to all employees by posting them on your departmental safety bulletin boards.

Also attached this year is the policy statement on Student Health and Wellness. This also is a Board of Trustees approved policy statement that demonstrates the university's commitment to a living and learning environment that promotes the health and wellness of students. Please ensure that this document is also posted on your departmental safety board.

As a reminder, information pertaining to departmental safety bulletin boards is available in SOP-Safety-07 (Departmental Safety Bulletin Boards) on the Department of Environmental Health & Safety web site (www.safety.queensu.ca)

If you have any questions or concerns, please contact the Department of Environmental Health & Safety at ext. 32999.
